

# WILD ON THE BAYOU

## A DAY TRIP ITINERARY

### START WITH SOME FUN IN THE SUN

Start your day with some wet and wild fun as you rip through the waters with **Airboat Tours By Arthur Matherne**. While you're getting acquainted with the beautiful cypress trees and Spanish moss, be sure to keep a look out for alligators hanging out nearby.

### FEED THAT APPETITE CAJUN STYLE

After hanging out on the water, grab a quick bite at **Spahr's Seafood Restaurant** and try their famous gumbo and catfish chips before heading back to Thibodaux to explore the

**Wetlands Acadian Cultural Center**. Here you will learn about how the Cajuns built their lives and traditions along the bayou. During the spring and fall months, you can take a boat tour on Bayou Lafourche to the **E.D. White Historic Site**.

### MAKE AN EVENING OF IT

Finish the night off with a relaxing cocktail in historic **Downtown Thibodaux**. You've got to try the amazing craft drinks and the alligator cheesecake at **Cinclare**. Then hop over to one of the many bars and pubs within walking distance of each other.
